

## ANSWERS To Your COMMON LAW Concerns

1) Why do we need to use the scary language like CONSTABLE and GRAND JURY ?

A) ANSWER - Because it is the language of the Constitution PLUS the 1992 Scalia Supreme Court Ruling.

-----

2) What if no lawyer will back us and no way to get to Supreme Court in case of Gov pushback ?

B) ANSWER - No lawyer is required to file a briefing with the Supreme Court. A Constable or Justice of Peace may do that. There will be an attorney used at the Appellate Court level for Document Filing.

---

3) Can't we just come up with another Plan to try to keep under the radar of the Left ?

C) NOT A CHANCE ! - MN Gov officials and their Partners are already closely monitoring ANY TWP resistance, because there has been some over solar, covid etc. and will simply pass new laws as we go along. When the Biden crew gets done with the Supreme Court in a couple of years, the only Constitutional Law you will have is what the Citizens agree to follow. So design one at the local level that you can live with

---

4) So then why even bother to bring the heat against us full bore with the Constitutional Plan ?

D) Because we need to follow the best system ever devised by man, based on the Bible and as the Agenda 21 boys are finding out, has become a major hurdle in fully implementing their Plans which they fully admit. Reinventing the wheel only causes confusion because you will have to design it as you go along. Common Law is clearly laid out and many states are already using pieces of it like CONSTITUTIONAL COUNTIES, CONSTABLES etc

5) Are we really as threatened as some claim or are the fears way overblown giving us time to negotiate. Can we afford to hope that the Elections will save us ?

E) Conservative media in MN is telling us that Walz is considering appointing illegals to fill police vacancy spots directly answerable to the Governor. Illinois recently announced that. Unlike us, they have at least 80 sheriffs who will resist certain unconstitutional rulings. WE DO NOT HAVE THAT IN MN.

---

6) DO WE HAVE ANY BACKUPS OR GUARANTEES ?

F) DID THE FOUNDERS ?? NO ! No Supreme Court, No Precedence, In fact they were occupied by British soldiers at the time with many living in private homes.

--

7) WHY IS TIME OF THE ESSENCE ?

G) Well how about Walz plans for replacement police mentioned above ?. The Dems have been planning this PUBLICLY since George Floyd. Ch 5 in Cities told how MN Gov were considering UN Police and even brought some in to do studies. Also, Ottertail County Regional Planner, WCI discussed that at length on their website and in the newspapers.

THE SOONER YOU GET CONSTABLES ESTABLISHED, MAYBE EVEN PARTNERING WITH OTHER TOWNSHIPS, WILL ALLOW YOU TO BEGIN SIGNING UP CITIZEN VOLUNTEERS TO HELP WITH EMERGENCIES- NO, NOT A STANDING ARMY !!!!! AND ALSO WORKING WITH OUR SHERIFFS IF POSSIBLE,

THERE ARE ALSO PLANS TO SET UP CITIZEN PANELS TO HELP OVERSEE SUCH A PROJECT TO KEEP CONSTABLES AND OTHERS IN LINE WITH THE MAJORITY OF CITIZENS
