

COUNTY/CITY COMPREHENSIVE PLANS AND PROBLEMS

1) No real citizen input. - I have participated and the citizens have maybe a 5% say. The rest are Marxist NGO partners incl Initiative Foundation etc. : [Cultural Marxism - CPL Action](#) They call these STAKEHOLDERS. (See # 3) The final Plan neatly excludes most public input.

2) Nearly identical in U.S. and most western nations – If it is really written by locals as they claim, why would YOURS be the same as London for instance.? They all fit neatly into the 15 Minute City Plan. Do you know anyone who wants this ?

3) Written, designed by Partners of far Left organizations like AMERICAN PLANNING ASSOCIATION AND AMERICAN PLANNERS NETWORK and LEAGUE OF CITIES – They are initially brought to you by your own local **Regional Planner**, or outsourced to their Partner NGOs and recently Engineering firms in the Twin Cities. Read the website for WCI in Fergus Falls because they are the most upfront about their U.N ties. They are directly connected to **YOUR LOCAL PLANNER**, SEE MAPS AT saveyourcities.com (Hostile Groups) NOTE, Now, many of these Comp Plans are designed by Univ of MN. But are still identical NO MATTER WHO DESIGNS THEM.

For full explanation of who these groups are in MN and their fully Communist ties, see CPL article : [How 'Equity' Has Been Embedded in Minnesota for Decades - CPL Action](#)

4) Planned Bankruptcy – Notice how many **CONVENTION CENTERS, TRANSPORTATION PLANS, SCHOOLS AND EVEN TRAILS, ARE IN ROUGH FINANCIAL SHAPE IN MN !!** Thats because the GRANTS which originally helped fund them run out and Taxpayers are expected to foot the bill for projects you never needed, and in many cases never wanted.

In Little Falls, both City and County citizens continue to vote AGAINST a Convention Center but your NGOs keep trying. (Often they change the name to something like COMMUNITY CENTER) In some MN cities, these gov backed Centers refuse speakers such as Child Protection League citing TOO CONTROVERSIAL.

Eventually Little Falls will get it because ALL CITIES MUST HAVE THE SAME ITEMS MENTIONED ABOVE AND MORE !!~ ALL YOU GOT WITH THEIR PROGRAMS AND GRANTS ARE A LIFESTYLE THAT CITIZENS CAN NEVER AFFORD. Now they are offering a 2nd round of Grants to help offset costs but only for Projects which fit into their MASTER PLAN. (15 Minute Cities, Sustainable Cities etc.)

(CONTINUED ON PAGE 2)

5) WHEN CITIZENS RAISE CONCERNS ABOUT PROJECTS THEY KNOW THAT THEIR COMMUNITY DID NOT ASK FOR – Then they tell you these controversial plans are just SUGGESTIONS. Then try to go against one and some local judge etc will rule that YOU MUST FOLLOW THE PLAN BECAUSE ALL YOUR OFFICIALS SIGNED OFF ON IT. Then try to get a copy of said Comp Plan online or in person from county or city so you can read whats in store for you. They have to give you one though you will pay for it and they may make it difficult.

6) GRANTS – Many that we have seen have disclaimers in print saying things like **GRANTOR MAY CHANGE THE TERMS OF THIS PROJECT OR CONTRACT AT WILL or IF ANYTHING GOES WRONG YOU CANNOT SUE US.** Who would sign that ???

7) GREEN STEPS – Usually separate but partners with Comp Plan and brought to you by NGO Partner, **LEAGUE OF CITIES.** Some serious problems with GREEN STEPS:

A) Often boldly proclaims to follow PARIS CLIMATE ACCORDS (New Green Deal) Thats why Little Falls rejected it. The Green Deal leaders now admit that it has nothing to do with Climate but ALL ABOUT EQUITY. See short video by Isanti mayor who rejected it over EQUITY:

saveyourcities.com/wp-content/

B) VERBALLY LOCKS YOU BACK INTO THE COMP PLAN – (Step 3 in some Plans but varies) **Requires that City/County follow ALL** the values of your NGOs described in CPL article on First page.above **EQUITY EQUITY EQUITY**

8) THESE NGOs WHO CONTROL YOUR DESTINY (Regional Planners, League of Cities) – They are close partners of SOURCEWELL. These are the lapdogs of MN Dept of Ed plus US Dept of Ed (Biden/Walz) who bring you the OUTRAGEOUS sexual and Marxist programs to your MN schools. **See MN CHILD PROTECTION LEAGUE ON THIS on this:**

[Education & Curricula \(cplaction.com\)](https://cplaction.com/)

9) GREEN COMMUNITIES CRITERIA – Master Plan for your Communities, removing ALL your freedom and resembling the 15 minute city.: **THE 15 MINUTE CITY IS HERE – SAVE YOUR CITIES** This is now the Comp Plan for Minneapolis, first brought to us by REGION 5, our local **REGIONAL PLANNER** :

YOUR COMPREHENSIVE PLAN BECOMES GREEN COMMUNITIES CRITERIA – SAVE YOUR CITIES
