

# WHERE DO YOU FIT IN TO THE CLEAN UP THE DC SEWER?

By RICK WILLEY

Are you one of those who has the ability, to see thru the political destruction and all the effort to destroy our Constitution? Lets call a spade a spade for a little bit, we are over run by unelected agencies and unelected managers and supervisors, this has been allowed and set up those who we elected and have failed to do what "WE THE PEOPLE" elected them to do, it being necessary for so many of them to fall short by design to stay true to "WE THE PEOPLE" there is no where else you can be set up with a good income for any of these jobs, and in a few years become a millionaire and fail so often at the simple truth of your oath to God and Country. Let me make a point as to the way "WE THE PEOPLE" see this it is not one just political party there are those in both parties that worship their power and efforts to become more powerful and that is why many of us see it as a unipartite when it comes to the real issues that should be followed based on God and Country.

The example of the day is Mr. Hegseth, and a man who like all of us has had faults and failures they are the best teachers as those of us who have lived for many years have learned as has Mr. Hegseth. My concerns are will he get the gender woke BS. Out of our Military? The misuse of our men and women for wars and financial gain that is not our business for defending our country? Will he help to clean up the pay offs and over pricing that leads to miss use of tax payers funding? Will he bring back the pride of our young people to join the Military with out fear of woke politics blocking their abilities to be successful? I think a solider of the people for the people from the people with two Bronze stars and has proved to be solid citizen for many years with Constitutional beliefs as strong as most of grassroots people, and I know he will never be on the news TV set with a dress and made like woman with smirk on his face that says you people are all dumb fools.

As for the Senate panels those of you who are honest and constitutional God Bless you for the balance of the hypocrites you are a fool your rear end has overloaded your egos to the point the same smelly thing comes out of both ends.

The best way to fix this for we the grassroots people to reestablish of local GVT
