

Happy New Year ~

I had an amazing journey in 2024.... running for House Rep. I took the BIBLICAL CITIZENSHIP class in Jan/Feb 2024, and I knew it was my duty to follow God's lead and President Trump's suggestion for people to get active on the local level. So I did, I got Active ~

My candidacy is probably a little different than most. It involved God, #1, and all the information I have collected over the years. Things certainly are not what they seem, and we are required to search for and discern what God shares with us.

In the culmination of our work in 2024, on December 12th, I received the "Dennis L Wolfe Award for the 2024 Top Activist" from Action 4 Liberty. I was floored and overwhelmed when they called my name.

I am so proud of what We accomplished. I am so proud to be part of something so much bigger than me. Minnesota has a Great group of Grassroots Conservatives working HARD in this State. I have spent a lot of time contemplating this award and "What Can I Do in 2025"??

This is what I've come up with... if little old me, living in the Northwoods can do what I did... What would happen if 1% of the population did 1% of what I just did???

Our world would be a different place....

And that's my Challenge to YOU in 2025... working to get more people activated!!!

Reach out.... let's be the Change We Wish to See in our world. It really isn't that difficult... just need to follow God's lead, He'll take you!!! We are taking our State back from the evildoers... I pray there are More of YOU out there that want to be involved... Let's talk!!

Action 4 Liberty's mission is "Protecting Liberty for the Next Generation" ... What a Great mission. What a great organization to be honored by... Blessed and Highly Favored

Be Blessed ~ Seek Truth
