

AFLDS - LIBERTY-HEALTH-JUSTICE

As I write this to you, the COVID “vaccine” is destroying the immune systems of thousands of Americans.

Media and Big Pharma call it, euphemistically, “Post-Vaccination Syndrome.”

But let’s call it what it really is: mRNA vaccine-induced Acquired Immunodeficiency Syndrome—in other words, AIDS.

Shocking.

But it’s true.

AFLDS was sounding the alarm on this years ago—four years ahead of the so-called experts.

In December 2021, I sounded the alarm and repeatedly warned about Vaccine Acquired Immune Deficiency Syndrome (VAIDS), writing: “We

should anticipate seeing this immune erosion more widely.”

At the time, few were willing to acknowledge the possibility. But the signs were there. I even tweeted: *“Israel is the most vaccinated nation on earth. Watch very closely what happens there. What is VAIDS? #WhatIsVAIDS.”*

Months later, MIT researchers found a 25% increase in cardiac events among young Israeli men. The common link? The mRNA shots.

These cardiac events—myocarditis, heart inflammation—weren't random. They were the result of immune dysfunction. And when that dysfunction is caused by vaccination, it's called VAIDS.

Now, a bombshell study dropped by Yale docs confirms what AFLDS has long maintained—COVID vaccines are causing T-cell exhaustion, weakening the immune system instead of strengthening it. The spike protein isn't going away. It's increasing in some recipients over time. And people are suffering.

This is catastrophic. The government institutions that forced these shots on the world—NIH, HHS, CDC, FDA—are now quietly acknowledging the damage. But instead of accountability, they're quietly rebranding the damage as “Post-Vaccination Syndrome” to cover their tracks.

Worse, these same government actors continue to push these dangerous shots on the public while denying any and all liability. No recalls. No reparations. No justice.

How many more lives will be ruined before they fully admit the truth?

Keep Fighting — Give Now

AFLDS refuses to let so-called healthcare bureaucrats sweep this under the rug.

AFLDS is fighting for the people who were lied to, coerced, and abandoned by the medical establishment. Many of you were unable to visit a loved one in a hospital, to hold a proper funeral and burial for a family member, or to keep your job because you refused the jab.

And AFLDS is the only organization in America committed to exposing the truth about these so-called ‘vaccines’ AND holding those responsible accountable.

We are 100% donor-funded. That means we answer to YOU, not Big Pharma, the government, or corporate interests.

With your help, AFLDS ensures that the truth is revealed and the world hears it.

But we can't do it alone.

Will you stand with us and support our mission to expose the
greatest medical fraud in history?
