

THE DISASTER GOES ON -From The American Family Association

The pro-homosexual, pro-transgender mafia won't stop coming after America's kids and grandkids.

Ten years ago this month, the *Obergefell* Supreme Court decision unleashed a satanic breakout in the sexual war against America and Christianity.

Five judicial tyrants in Washington, D.C., forced homosexual marriage on every square inch of America.

The effect has been a national nightmare—and we can't seem to wake up.

The *Obergefell* decision led to the *Bostock* decision, which elevated the mental disorder of transgenderism to the status of a civil right. If you "discriminate" against a man who thinks he is a woman, radical lawyers and prosecutors can come after you!

But the *ultimate* target has been children.

The cultural explosion led to the spread of Drag Queen Story Hour . . . men in girls' sports and bathrooms . . . the pharmaceutical and surgical sexual mutilation of children . . . and an epidemic of sex crimes.

The nightmare is still happening. Yes, the Trump administration is pushing back. Praise God! But candidly, it won't be enough without grassroots action.

As I write this, schools near San Diego are zealously enforcing a California state law that *mandates* tampons in boys' restrooms in *every* elementary school.

The tampons in grade school boys' bathrooms are required by the "Menstrual Equity for All Act of 2021."

Parents are crying out . . . to no avail. These could be your kids or grandkids! This insanity is *damaging* the minds of children as young as kindergarten, mentally molesting them.

The larger goal is to hijack their *bodies* for sexual perversion by creating a culture with no sexual boundaries.

In *Texas*, with five million students, a massive school district is calling a girl a "boy"—against the parents' explicit desire.

LGBTQ radicals won't stop. They are spiritually driven. Plus, they have billions of dollars and influence in the media. Rogue judges in local, state, and federal courts *favor* their cause. And they have declared, "*We want your children!*"

**In 2020, five years after *Obergefell*, AFA provided
a proven tool to help Christians answer the crisis.**

AFA released the feature-length, award-winning documentary *IN HIS IMAGE*. This film *exposes* the LGBTQ lies. Even more important, it *proclaims* hope and healing to victims of the pro-homosexual, pro-transgender tyrants.

The miraculous impact of *In His Image* has been astonishing!

Viewed over one million times, God has used *In His Image* to save lives . . . save souls, . . . awaken churches . . . and shine light in deep, deep darkness.

Please [use this link to give a generous gift](#) to help AFA turn one million viewers into 10, 20, or 30 million—or even more.

Your gift will help AFA share *In His Image* with millions of Americans. This could change history.

***In His Image* has already changed lives! Those who have seen it say . . .**

"I am almost speechless. Jesus I thank you for empowering everyone involved in this project to speak your truth boldly. I am in tears."

"I have struggled with homosexuality for the past 30 years . . . These stories of deliverance helped me to seek God and trust in His time. Now I am freed from those bondages. Thank you, In His Image team."

"My oldest child has made the decision to live as a lesbian. Today, I feel better equipped to speak truth into her life."

Why is this so powerful?

In His Image is both eye-opening (at times, shocking) *and* uplifting.

The video shows the viewer the grave threat the LGBTQ movement—but also the supernatural hope Christ and His Word give.

In the midst of lies and broken lives, Christ is reaching out to protect and even restore many of those lives.

In His Image is part of AFA's efforts to save American families from the deception of the LGBTQ sexual revolution. [Your generous gift at this link now](#) will help AFA strengthen the church and rescue souls through ministry like *In His Image*.

In the America devastated by the *Obergefell* Supreme Court disaster of 10 years ago this month . . .

- Drag Queen Story Hours go on at libraries and schools.
- Mandatory pro-LGBTQ “gender lessons” continue in elementary schools and genital mutilation surgeries are still legal in half the country.
- The percentage of high school students identifying as LGBTQ skyrocketed to 26 percent.

In His Image counters the deception that destroys one life after another. Get the joy of increasing the impact of this film with [your gift of any amount at this secure link.](#)
